life. Any politician who has been far enough around the jug to find the handle, knows better than to stage a political rally in a Big Place before a Small Crowd. If you have to appear in a phone booth to reach over the top proportions with your crowd, then hike to the phone booth. But, by all means, have a big appearing turnout and if at all possible make it OVERFLOW! It fools the T&V audience and anyone else that sees it. Well, Sir & Mama, if you want to know what triggered Jimmy's tirade, here it is:

Carter has been tryin' hard to patch things up with the Chicago people, including Mayor Jane Byrne (who was originally a Kennedy backer) and has been pouring lots of Federal Aid into that city. When he was to make his Big Appearance at the Richard J. Daley Civic Plaza the scene was set for a rousing Democratic Rally. Mayor Byrne was reported to have indicated there would be two million citizens show up. Neckerly this was not only improbable, but impossible, since the remnants of the old Daley machine have put the blocks to every thing Jane tries to do, when possible.

The official Chicago Police Dept. estimate said 40,000 showed up. Vivian Cellacon, office manager of the Daley Civic Center, claimed she counted the blocks in the Plaza and you would have trouble jamming 5,000 people in there. Her estimate 2,000 head in the Plaza. Other crowd guessers ranged from 10,000 to a newspaper estimate of 25,000. Now, Chicago crowd estimators are notoriously far off. Remember they claimed one million were there to see the Pope, and later checks of photos trimmed this estimate to 250,000.

Natchery, when Jimmy Carter was confronted with a thin crowd, which included some hecklers as usual, he was more than somewhat upset. So it isn't any great wonder that he throwed a fit and tried to read Ronald Reagan not only out of the race, but also out of the realm of respectability. Not mean, just indignant, was Jimmy.

We suspect the tongue lashin' he gave Reagan was mild indeed to the one he gave the people who straggled that oating.
Ever this,
The Editor.
P.S.: Uncle Dunk figgers the biggest miss in history was the Excess Profits Tax Carter & Congress aimed at the Big Oil Boys. It missed the Big Ours and hit hundreds of thousands of Royalty Holders many of whom are gettin' by on purty thin gruel money-wise. Shades of the Volstead Act & Prohibition! Recent figgers show that only 11% of car passengers fasten their seat belts. It may surprise the Bureaucrats how many of us will invest in air bags, if we have a choice! — Thassell, Brothers!

Corn, Soybean Crop Estimates Below September Estimate

(CONT. FROM PAGE 1A)
from the September numbers. This was based on an average yield of 26.1 bushels per acre.
Over-all U.S. feed grain production — corn, sorghum, oats and barley — is expected to total 192 mmt, down 18% from last year's record high 234 million. Over-all oilseed production — soybeans, cottonseed, peanuts, flaxseed

and sunflowers combined — is expected to total 65.2 mmt, down 34% from last year.
Food grain production — wheat, rice and corn — is forecast at 111 mmt, 10% above 1979, USDA said.
If the 11.47 billion bushel crop any does occur, it would be 17% more than last year's crop, USDA noted. Last year's average yield was a record 181 billion bushels.

"Showboy" — Still the most talked about Bull of the Breed!

For seven years John Tucker has been building a Superior herd of Beefmasters Cows based on the finest genetics in the breed. His standard has always been only the top cows from the top herds. With a foundation of breeding built on the best, there was only one sire that would do: The Best In The Breed! The Sire: Showboy, with a list of achievements that can match, it was only that "Showboy" would head up the John Tucker Beefmaster Herd. The Sale of The Eighties will feature the Superior Breeding of "Showboy", Tuckers Payday, "Rojo".

John Tucker Beefmaster "Sale of Eighties" Nov. 1, George West

George West, Texas — John Tucker Beefmasters will conduct "the Sale of the Eighties" on Nov. 1, at the John Tucker Ranch 10 miles south of George West on Highway 281.

For seven years John Tucker has been building a superior herd of Beefmaster cows based on the finest genetics in the breed. His standard has always been only the top cows from the top herds. With a foundation of breeding built on the best, there was only one sire that would do: the best in the breed. The sire, Showboy, with a list of achievements that can match any, it was only that "Showboy" would head up the John Tucker Beefmaster Herd.

The "Sale of the Eighties" will feature the superior breeding of

Tax Advantages On Drought-Caused Livestock Sales

College Station — Recent rains in parts of Texas have stopped cattle liquidations but won't bring back lost revenues from premature drought-caused sales. A recent survey shows cattle numbers down 30 to 40 percent from normal due to such liquidations.

pastures and reduced water supplies should begin considering the income tax aspects of their losses.

According to Jose O. Pena of Uvalde, area economist with the Texas A&M University System, income from drought sales of inventory stock can be deferred for up to one year as outlined in the Farmer's Tax Guide.

Producers can elect to defer revenue from sales of certain livestock for one year if the sale was due to drought conditions. Pena says this particular election does not apply to livestock used for breeding, draft, dairy or sporting purposes.

If, because of drought conditions, a cow-calf producer sells more livestock than he would in a normal business year, he may elect to include sales proceeds in next year's income. Three conditions must be met: the cash method of accounting is used; it can be established that under usual business the number sold would not have occurred except for drought conditions; and drought conditions have resulted in an area being designated as eligible for federal assistance.

Pena says livestock purchased (stocker steers or heifers) as well as raised livestock will qualify. Sales to not have to take place in a drought area, but they must be due solely to drought conditions. Also, sales made prior to an area being declared eligible for federal assistance may still qualify.

To determine the amount of income eligible for deferral, a producer must first determine the average amount received per head and multiply the figure by the excess number of head sold due to drought.

When livestock kept for breeding, draft or dairy purposes are sold or exchanged solely because of drought, the sale or exchange is considered an involuntary conversion.

A rancher may elect to postpone taxes on any gains from sales of breeding livestock if replaced with livestock of like kind within two years from the close of the year in which the gain was realized, Pena explains. Tax on the gain may be postponed on the number sold in excess of the usual practice. Losses resulting from sales are deductible in the year they were realized.

Pena says the tax return for the year of sale should include (1) evidence of drought, (2) amount of gain realized and (3) number and kind sold or replaced.

Tax returns for the replacement year should include (1) replacement purchase price, (2) number and kind of replacements, and (3) cost of replacements. Cost of replacement livestock must equal or exceed proceeds of livestock sold due to drought. Many producers were hard hit by lack of rain earlier this year. Some of these losses can be reclaimed by careful attention to certain tax provisions which would not be applicable during a normal year, Pena says.

Unfortunately, "real" drought losses will be felt in the long run by poor livestock performance, lower carrying rates, weaker calves, lowered weanling weights which must be absorbed as part of the risk of ranching.

7P Ranches Simmental Bull Sale Set Nov. 1 At Ranch at Winona

Tyler — Joe Prud'Homme, owner, and Gerald Blanton, general manager of the 7P Ranches at Winona, will conduct their first annual Simmental bull sale at the ranch on Nov. 1, 1980, with lunch served at 12 noon and the sale beginning at 1 p.m.

The 60 lots selling consist of half-bloods through 100% bulls that range in age from long yearlings to two year olds. All bulls sell fully guaranteed.

The 7P Ranch sale site is located one mile south of Interstate 20 on Farm Road 767, about 16 miles

east of Tyler. Gerald Blanton will be the auctioneer.

"7P Ranches are dedicated to raising the finest Simmentals possible. This is true whether we are talking females or bulls. Our breeding program relies heavily on the use of A. I., thus enabling 7P Ranches to offer bulls from many of the top sires in the Simmental breed. If you're in the market for big, rugged, range tested bulls, please join us on Nov. 1," Blanton said.

For further information contact 7P Ranches, Joe Prud'Homme, owner, 106 Surrey Trail, Tyler, Texas 75701, phones 214/597-1607 or 592-6601; or Gerald Blanton, general manager, Route 1, Box 92, Winona, Texas 75792, phone 214/566-3240.

Louisiana Polled Hereford Association Sates Bull Sale Dec. 5

Baton Rouge, La. — The Louisiana Polled Hereford Association will hold a bull sale Dec. 5 at Dominique's Cow Palace in Marksville. The sale will begin at 12:30 p.m. with Jack Dillard as auctioneer. There will be a good many bulls offered this year from Louisiana producers. All have met weight requirements imposed by the Association.

Dr. L. I. "Doc" Smart, LPHA Secretary-Treasurer, said that strict weight requirements mean that only bulls with superior growth characteristics will be included in the sale. Sale order will be determined by a weight chart with the heavier bulls offered at the beginning of the sale.

Additional information and sale catalogs are available through Dr. L. I. "Doc" Smart, LSU Department of Animal Science, Baton Rouge, Louisiana 70803.

Polled Hereford Registration Leaders

Polled Hereford breeders from Missouri, Texas, Kansas, Oklahoma and Tennessee tallied the most registrations in the American Polled Hereford Association (APHA) this past fiscal year, but South Dakota's Chester Gullikson again led the way in most registrations by an individual breeder. According to figures released by APHA at fiscal year-end, August 31, (CONT. ON PAGE 17A)

Polled Hereford Registration Leaders

(CONT. FROM PAGE 16A)

the Bath, S.D.-based Gullikson Polled Herefords retained the top spot it gained last year with 664 registrations this year.

Other leading registrants, with 250 or more, and the number of calves they sired on the APHA record were: Ogeschoe Farms, Fairland, Okla., 580; Antonio Mountain Ranch, Petaluma, Calif., 501; Glenkirk Farms, Mayeville, Mo., 441; Wooden Shoe Farms, Othello, Wash., 348; Joe Hervey, Jekio, Ga., 318; E. B. Gae Ranch, East Prairie, Mo., 306; Fulton Herold Ranch, Maryville, Mo., 284; J. Hoy Hathorn, Louisville, Miss., 278; C.M.R., Senatobia, Miss., 267; and OnVal Ranches, Granada, Colo., 251.

Memberships in the breed organization climbed seven percent over last year to 2,395 new adult members hit 1,275 for a 12 percent increase.

"We find this number, which brings our total membership to nearly 45,000, to be especially encouraging in view of the financial difficulties and weather extremes the beef industry has faced this past year," said APHA President Dr. T. D. "Dusty" Rich. "It's also interesting to note that these increased memberships are following on the heels of a whopping 28.7 percent increase the previous year."

Leading states in memberships were Missouri, Texas, Tennessee, Ohio and Illinois.

Other categories covered in the report were total registrations at 151,558; transfers at 95,368; and Guide Lines (performance program) processings at 60,047, up more than 10 percent over the previous year.

Polled Hereford Champions Chosen At Pan-American

Dallas, Oct. 5 — Judge Gary Minish of Blackburg, Virginia, selected a heifer nicknamed "Spot" as the Grand Champion Female Polled Hereford on Sunday morning's Open Show Competition at the 1980 Pan American Livestock Exposition at the State Fair of Texas.

The Grand Champion heifer, DJM MS Enforcer 1064, is owned by Mark Bosley of Hewley, Texas. The heifer has previously won Reserve Grand Champion at Denver, Colorado and was Grand Champion both in San Antonio, Texas and Little Rock, Arkansas.

Owner Darle Beasley and DJM Super Girl 1071 scored a dual win for the Hewley family as the Female Reserve Grand Champion. This was the first win for this heifer, but Darle has exhibited previously in Fort Worth, Dallas, San Antonio and Houston.

Gia Vick Banner L23 was judged the Grand Champion Polled Hereford Bull during the afternoon Saturday show. The bull, owned by Glen and Lillia Alloo of May 4 Farm in Hillsboro, Texas was also the Grand Champion Bull in the West Texas Fair in Abilene, Cherle and Doris Shelly of Hillsboro, Texas and T-L Polled Hereford in Osgood City, Kansas were owners of the Reserve Grand Champion Bull named CDS Double Banner 85. The bull was exhibited only once previously and won both his class and Reserve Bull Championship in Little Rock, Arkansas.

TPHA State Show Schedule Set

SANTA GERTRUDIS NEWS

SANTA CIRCUIT

by Buddy Smith
In a period of nine days over a million female Santa Gertrudis were sold at public auction. The demand was strong. Cattle went to all areas of the United States and into South Africa. This proves once again that Santa Gertrudis is a breed for all climates.

The Diamond S Ranch at Achille, Oklahoma, has changed ownership. This is the ranch that has produced the breed record for Grand Champion female awards. "Starlet" 503 set a record as twelve times Grand Champion female at approved SGBI shows. This record stood for two years. But records are made to be broken and broken it was. The full sister of 503, "Starlet" 703 won Grand Champion female thirteen times. The 503 cow was sold at the last World Congress held in Brazil. The 703 cow was put in the embryo transfer program where she yielded ten confirmed pregnancies by "Rocky". The cow that started it all was Diamond S Ranch's 252. She is presently enrolled in embryo transfer at Rio Vista.

Robert Babuska, Dallas, Texas, has sold his Diamond S Ranch to Gene Phillips. The ranch, equipment, herd and herd number were sold in their entirety to Gene. The ranch will continue to operate as it has in the past under the able management of Dub Vignarick. At the present time they are adding to their land holdings and increasing their genetic base by the acquisition of some of the breed's leading herd sires. Dub will be assisted by Gene's brother, Ned Phillips. Welcome to the breed, Gene and Ned!

The 1980 National Santa Gertrudis show recently held in Tulsa, Oklahoma, is now history. Judge Wylie Tallaferra selected a Bill Deagan & Sons cow 8/122 for this Grand Champion female. This was her third consecutive championship. Reserve Grand Champion female honors went to J. L. and Hal Jeans' summer yearling heifer. Grand Champion bull honors went to Mayfair Ranches' two year old bull "Mountain Mac" 810. Reserve Grand Champion bull honors went to Congrove Ranches' summer yearling bull 1229.

One of the breed's top young herd sires, "Walking Tall", has been sold to the Diamond S Ranch. "Walking Tall" was produced by Bob White's Bar 11W Ranch of Fort Payne, Alabama. The heart of Dixie Sale, sponsored by Blackwater Farms, has the makings of being the top sale in the Southeast again this year. A lot of it's consignors read like Who's Who in the Santa Gertrudis world. Consigning to the sale will be breeders from Texas to Georgia, Alabama to Oklahoma and Virginia. The sale will be held at Cullman, Alabama, on October 27.

The Kentucky National Santa Gertrudis Show and Sale will be held on November 17, at Louisville, Kentucky. This sale has an outstanding offering of better broken show animals this year. Being offered are some top proven herd sires, three-in-one packages and yearling heifers that still have another year and half of show eligibility.

The Pol Santa Gertrudis Association Hatter Sale has been moved back to the Houston Livestock Show where it began. It will be held on the same day as the Mid-Coast Santa Gertrudis Association Super Sale. Nominations are now being taken for both sales. For more information contact Superior Sales, Rt. 2, Box 345, Huotville, Texas 77440 or call 713/281-1891, 285-4401.

Chaparral Ranch Cowman's Choice Sale, November 10

La Pryor, Texas — The 6th Annual Chaparral Ranch Cowman's Choice Sale will be held Monday, November 10, 1980.

Selling will be 100 purebred Santa Gertrudis females, 100 crossbred heifers bred to Santa Gertrudis sires. I ran into Archie at the Tulsa State Fair. He's now living outside of Tulsa and running a few cows of his own. Archie was the manager of the Son Coyatano Ranch in Tumacacori, Arizona, and was one of the first men to show Santa Gertrudis. Texaco Monthly magazine recently had an article on the King Ranch. If you haven't read it, you missed a good one. SOBI is in the process of putting out a publication on selecting, fitting and showing Santa heifers for the Junior members. If you have a favorite feed ration or some good ideas, let Dan Tolbot hear from you. See you down the road...

It was quite a weekend for young David Crawford of Sourry, Texas. His Meesterpiece heifer, with a Chaparral calf at side, topped the Premier Santa Gertrudis Sale Oct. 5 at \$10,000. Purchaser was L&L Farms of Decatur, Ark., one of the breeds' strongest supporters of youth, represented by Dennis Alsop and Geary Stutta.

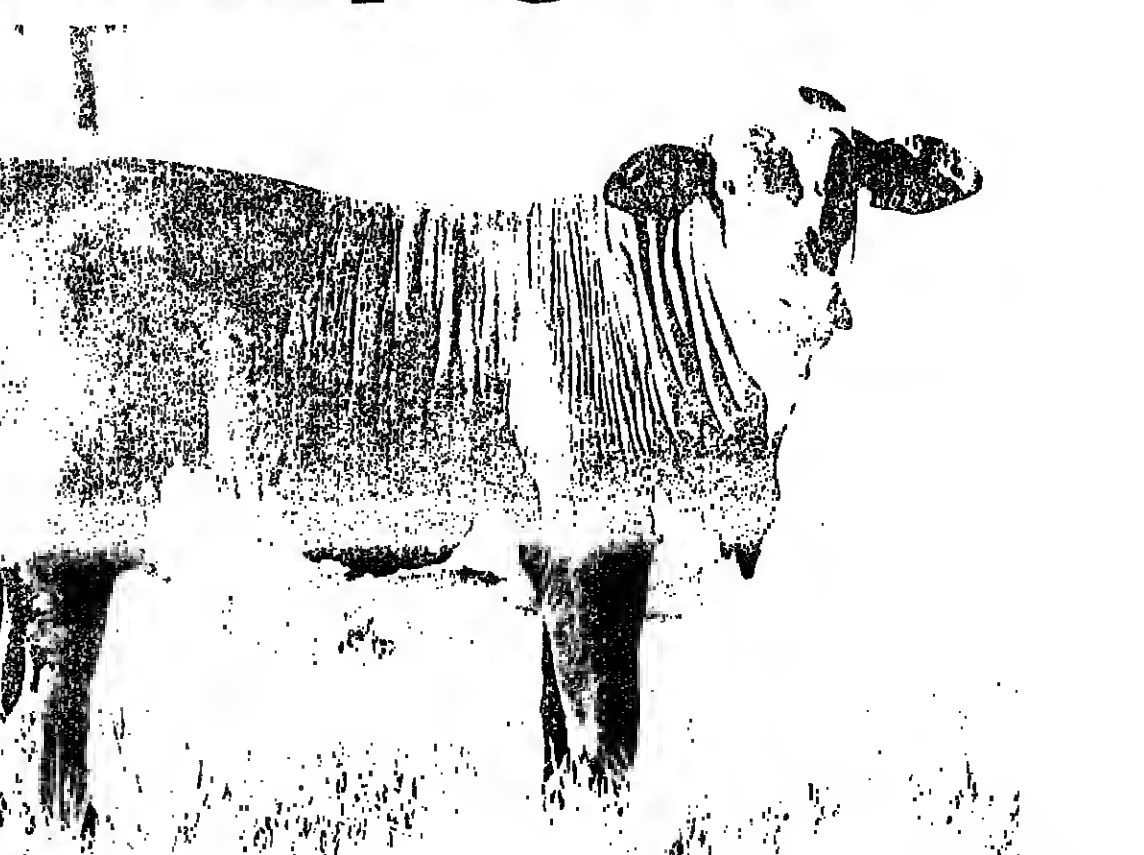

die bulls and six registered quarter horses. Free delivery is available on purchases. People always listen to a confidential story.

Then David's El Collado two-year-old won Grand Champion Santa Gertrudis Female at the Pan American Livestock Exposition in Dallas, October 6.

The Keeping Kind.

Santa Gertrudis cross replacement heifer

No feedlot in her future. She's been selected as a replacement heifer for a top Gulf Coast commercial herd, whose manager values the exceptional maternal characteristics — fertility, calving ease, milking ability, protectiveness, longevity — of the Santa Gertrudis breed.

Santa Gertrudis crossbreds. They're the keeping kind.

Shelton Ranches Santa Gertrudis Sale Set Nov. 8

Kerrville — Shelton Ranches, breeders of American Quarter Horses and Santa Gertrudis Cattle, will hold the Santa Gertrudis Production Sale on Saturday, Nov. 8.

Sponsors of the sale said: "Across the country, American's industries are suffering from a decline in productivity. They just can't get their goods to the market efficiently."

"It's a different report from the cattle industry of Shelton Ranches. Our productivity is growing by leaps and bounds. Gains produced by the best stock on the market: the Shelton Ranches Santa Gertrudis bulls."

"Their blue chip bloodlines can improve your purebred or crossbred programs. So get the workers who produce, the cattle from the productive country of Shelton Ranches. You'll get a good return on your investment."

"Look for them at the Shelton Ranches Production Sale November 8th. Shelton Ranches American Quarter Horses and Santa Gertrudis cattle, Belle Glade, Florida; Gallatin Gateway, Montana; Fremont, Texas, P. O. Box 1107, Kerrville, Texas 78028, phone 612/896-6282.

SANTA GERTRUDIS

Not All Females
All Created Equal...

These Nine Bar Ranch heifers have a head start both genetically and environmentally. Their dams excel in mothering ability or they wouldn't be in production or Nine Bar... and their proven sires are some of the best of the Santa Gertrudis breed.

They were selected, however, on their own merits — good udders, size, conformation and femininity. Needless to say, we're satisfied with our selection or they wouldn't be advertised.

For replacement females that are a "cut above," look to Nine Bar for your needs. We have 2-year-old bulls and heifers for sale now at the ranch. Stop by when you are in our area and we'll be glad to show you around.

Visitors Always Welcome.

Southwest Pinzgauer Sets Club Calf Sale And Jackpot Show

Shreveport, La. — The Southwestern Pinzgauer Association has announced a Club Calf Sale to be held October 17, 1980. The sale will be held at the Louisiana State Fairgrounds in Shreveport, La. Calves for the sale have already been consigned from breeders in Tennessee and Texas. All calves will be 7% blood and higher.

Calves purchased in the October 17 sale will be eligible for the Southwestern Pinzgauer Association's Junior Jackpot Show in Shreveport during the Mid-Winter Livestock Show. This show will have a \$5,000 added purse.

For further information on the October 17 Sale and the Junior Jackpot Show contact Gary J. Arnold, Arnold's Fancy A Ranch, Rt. 1, Box 128, Jefferson, Texas 75657, 214/686-2258.

Barfield Beefmaster "5th Edition" Oct. 18 At Immokalee, Fla.

Immokalee, Fla. — Fred Barfield Beefmasters will hold the Barfield Farms fifth edition sale on Saturday, Oct. 18, 1980, with a purebred sale beginning at 10 a.m. and a commercial cattle sale at 2 p.m. This is a BRU approved sale.

The Barfield sales have traditionally been the year's top Beefmaster event.

This year, these are headline features: a remarkable set of proven four-year-old herd sires including "Legacy," "Red Cloud," and others. A first in Barfield's continued efforts to provide the best, proven seedstock and commercial bulls in the breed; "Warrior" progeny continuing the tradition set in 1978 by "Warrior's Pride," both history-makers and superlative investments for their buyers; about 10 exceptional 20-24 months old herd sire prospects sired by Barfield's top bulls; an exceptional set of females with calves at side and bred back to such bulls as "Red," "Legacy," "Red Cloud," "J.R.," "War Paint," "Big Tom," and others; five bred heifers and five open heifers all Barfield bred; and at least 75 bulls in the commercial sale, more than half of which are "F1" classified and from the top gaining, best overall set of bulls ever raised by Barfield Farms.

Sale headquarters will be the Rodeway Inn, Ft. Myers, Florida, phone 813/938-3229.

For information, reservations or catalogs contact Fred Barfield, P.O. Drawer D, Immokalee, Florida 33934, phone 813/857-8611, offices: 657-2450 at home, or 857-1710 at the ranch. B. E. Fichte & Associates, Inc., is handling advertising; and Thompson Cattle Marketing, phone 512/825-1080, is sales manager.

Livestock Equipment Manufacturer Introduces Safes For The Home

Kingsbury Manufacturing Corporation, a long-time maker of cattle chutes and other livestock equipment, has introduced a new line of steel gun safes designed to protect rural homes against burglary.

The Kingsbury Gun Safes are hand-made with tempered steel plate and come in a variety of sizes starting at \$565. Pictured below is the large "Homeowner's" safe that stands five feet high, two and one-half feet wide,

two feet deep and weighs 350 pounds. It is capable of holding up to 2500 rounds of ammunition, etc. and features an optional hand for 30 pistols.

All Kingsbury Steel Gun Safes are equipped with combination locks and can be bolted to walls and floors. They are sold wholesale, direct from the factory. For a colorful brochure or complete information on sizes, arrangements, custom-made sizes, prices, write Kingsbury Mfg. Co., Dept. B, Crystal City, Texas 78105. Outside of Texas call 1-800-681-7128.

New MF Industrial Buyer's Guide Available

A new 47-page buyer's guide describing Massey-Ferguson's full line of industrial equipment is now available. Included are detailed specifications about MF's four backhoe loaders, four tractor loaders, five industrial tractors and three compact tractors. Massey-Ferguson's Industrial line includes the MF 60, MF 50C, MF 40B, MF 30B and MF 20C. Compact tractors include the MF 205, MF 210 and MF 220, which are also available in four-wheel drive versions. Attachments, industrial trailers and related equipment also are described in this buyer's guide.

The guide also describes MF financing, service reliability and quick-response, computerized parts network. Copies are available from MF dealers or the Marketing Services Dept., Massey-Ferguson Inc., 1901 Bell Avenue, Des Moines, IA, 50315.

A Texas rancher got into a vicious argument, and shot a man. He telegraphed a noted lawyer in Fort Worth, 300 miles away, offering \$5,000 fee for the defense.

The lawyer wired back to the rancher: "Am leaving for your town at next train, bringing the eyewitnesses."

NEED A 40% RETURN!

If you are now receiving a 14% return on your investment (C.O.'s, bonds, dividends, etc.) After taxes and inflation, you are losing over 5% per year on your dollars.

In today's economy you need a good hedge investment that has been doing in excess of 40% a year. We are the oldest investment company of our kind in America - recommended by leading financial periodicals - and have been providing an investment that has been averaging better than 40% per year for the last six years. It has not gone down in value for 45 consecutive years.

"TEXAS BEST" LIK FEEDERS

Now - at last - a feeder that will not deteriorate in extreme cold or heat. Made of a super high density Polyethylene, the material is protected from ultra violet rays of the sun through a special blend of resins. (It has been tested and proven in Texas since 1972.) All openings in the feeder are raised to prevent water from entering feed. It has drop in wheel brackets for easy removal, smooth inner surface for easy cleanout; low profile - 18" overall height. For ease of handling, it is lightweight, the 110 gal. capacity weighs approximately 40 lbs., and the 225 gal. weighs approximately 80 lbs. Available with 2 or 4 wheels per feeder. And - there is a 21 month limited warranty on material and workmanship.

Buffalo Turbine Sprayer Ideal For Spraying Fire Ant Insecticide

San Antonio, Tx. — Ranchers and Farmers who are in need of a machine which offers economy and accuracy in the application of insecticides should take a look at the Buffalo Turbine Sprayer/Duster. This machine offered by Buffalo Turbine Ag Sales of San Antonio, is an all-purpose machine that disperses insecticides in the form of dust, granules, diluted sprays or pellets and concentrates. Current attention has been placed on this machine as a method for applying Amdro, the first insecticide approved by the EPA since June, 1978, for fire ant control.

"With 103 counties in Texas now affected by the imported fire ant, the Buffalo Turbine Sprayer offers a most effective and accurate method to apply Amdro in controlling this costly problem," stated Mills Reeves of this San Antonio B. T. sales company. A survey by the American Farm Bureau Federation found that farmers are suffering losses of \$10 to \$80 per acre in areas infested by fire ants.

No adjustments are necessary in the ten, as it is a complete unit within itself and provides long and heavy duty.

"The versatility of equipment is important," states Reeves. "The B. T. unit performs efficiency in a variety of tasks which allows the user a means for all his spraying, dusting, seeding, fertilizing, and in addition he can use it to provide fire protection for his crops or rural holdings, plus operate for dust control and building roads."

A high velocity stream of approximately 175 miles per hour delivered from the axial flow blower used in this machine will produce an even pattern of spray, dust, granules or pellets for about 160 to 200 feet from the 12 inch round nozzle. For more information about this machine and its use, contact Mills Reeves, Buffalo Turbine Ag Sales, Box 10458, San Antonio, Tx. 78210, 512-632-8846.

Be sure and read "NEW STUFF" in the Weekly Livestock Reporter. It will be a monthly feature.

Y-Tex Marketing All American Ear Tags

A challenge has gone out to the imported ear tag from the All American ear tags from Y-Tex Corporation of Cody, Wyoming.

The challenge is to compare the imported ear tag to the American ear tag. The imported ear tag are manufactured overseas and shipped into the USA for sale. Meat and fiber shipments also come into the USA onto our markets from the foreign country.

The All American Super Star ear tags are made in Cody, Wyoming, USA. Compare shaper imported tags are square. All American tags are aloped for less chance of snag and catching.

Compare buttons imported tag buttons are hollow allowing the applicator pin to penetrate every ear. The All American tag button has a solid tip so that each button just penetrates one ear giving less chance of spreading infection from ear to ear.

Compare applicators: The imported applicator is like a pair of pliers with a narrow throat. The American Tagger II has a wide-open throat designed for ear tag use, not to pinch the ears.

Y-Tex Ear Tags are manufactured and distributed by Y-Tex Corporation.

Head Off Anaplasmosis Losses

To many cattlemen, the first sign of anaplasmosis is finding a dead animal. Readily visible symptoms are apparent only when the disease is in the advanced stages. Anaplasmosis remains virtually undetectable throughout the incubation stage which usually lasts for about 18 to 20 days and is clinically apparent for only a few days during the developmental stage.

Late summer and early fall months are periods when an increased number of acute outbreaks are encountered. The earliest clinically detectable signs of disease are those shown as a result of anemia. Affected animals lose vigor, are lethargic, and tend to separate themselves from the herd and seclude themselves in shaded areas. When going to the pasture or returning in the evening they are found to lag behind the herd.

At this time they can be treated and respond well to antibiotic therapy. Failure to detect cases at this early period usually results in death losses and an increased incidence of the disease in the remainder of the herd. Delay in treatment are costly as a third to one-half of the animals functioning red cells are lost in a 4 or 5-day period after symptoms are first noted. At this time treatments are often unsuccessful.

If anaplasmosis is suspected or diagnosed, consult with your veterinarian. Recent developments in antibiotics, vaccines, and their usage makes it possible to head off costly outbreaks and provide continuous protection to the unaffected portion of the herd.

Compare the imported ear tag to the American ear tag.

Compare Shape

The imported tag has a square shape. The All American tag has sloped shoulders for less chance of snag and catching. Also the American tag has a longer neck to fit your son's head of the tag around the ear hair.

Compare Colors

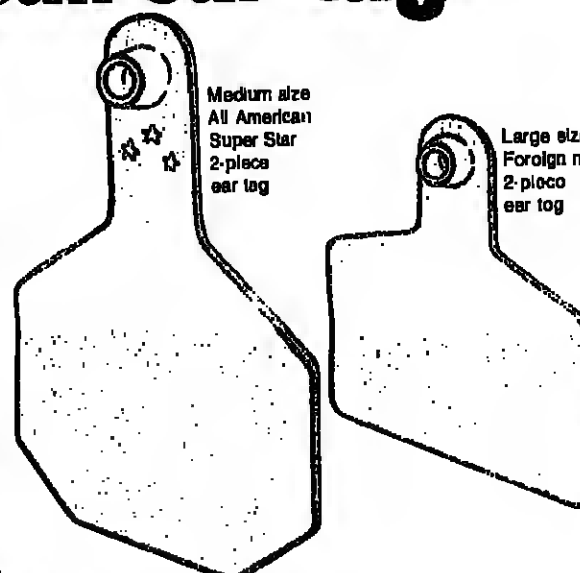

The imported tags come in eight colors: yellow, blue, green, white, red, orange, purple and black. The All American tags come in seven colors: yellow, orange, white, red, black, green, and blue.

Compare Sizes

The imported tags come in four sizes: round, medium, large and maxi. The All American tags come in five sizes: round, mini, small, medium and large. This large size has more letter space than any tag on the market.

Compare Buttons

The imported tag button is hollow allowing the applicator pin to penetrate every ear. The All American tag button has a solid tip so that each button just penetrates one ear giving less chance of spreading infection from ear to ear.

Compare Applicators

The imported applicator is like a pair of pliers with a narrow throat in which a thick ear has to fit. The American Tagger II has a wide-open throat designed especially for ear tag use, not to pinch the ears.

Compare Place of Manufacture

The imported tags are manufactured overseas and shipped into the USA for sale. Meat and fiber shipments also come into the USA onto our markets from the foreign country. The All American tags are made in Cody, Wyoming, USA.

GT Introduces New Recirculating Batch Dryer

Gilmore & Tatge announces a new 1980 Recirculating Batch Dryer, Models 580 and 590.

The GT 580 features a holding capacity of 500 bu with a drying capacity of 825 bu/hr. based on removing 8 pts of moisture. Under most drying conditions, a GT 580 will dry and cool 500 bu of 25.5% in less than two hours. The GT 300 offers a holding capacity of 350 bu with a 235 bu/hr. drying rate based on removing of 8 pts of moisture.

The new dryer model is engineered to handle all grains, large and small, in one dryer. The outer wall features small 1/16" perforations to retain even the smallest grains such as rapeseed. The plenum chamber has larger 3/32" perforations to allow free passage of heated air through the entire grain column. Small seeds may fall through the larger plenum perforations (they will not lodge and plug the holes) but they will fall harmlessly to the bottom of the dryer and will be recirculated with the rest of the grain. This feature makes the dryer more versatile for multi-crop operations.

Standard equipment includes: four new tires, PTO Tumbler Shaft, six jack stands, ladder, grain sampler, fan clutch, and vaporizer for all-weather drying.

Accessories available include a grain cleaner free of moving parts, long flexible unloading spout, hydraulic unloading head for low clearance storage or transport, slide mount kit for electric motor drive and snorkel kit for worry-free drying of sunflowers.

The dryer is completely self contained and portable for simple transport or storage under shelter. Average set-up time is approximately 30 minutes.

For more information about the GT 580 dryer, contact Gilmore & Tatge, Inc., Box 625, Clay Center, Kansas 67432.

Agro Offers Three New High-Yielding Corn Hybrids

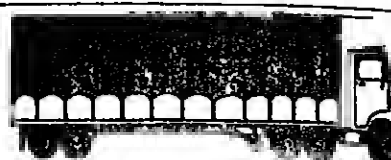

Three new corn hybrids from Agrow Seed Company have demonstrated high yield potential in tests throughout the Cornbelt.

RX811, adapted for the southern Cornbelt, has outyielded other hybrids of comparable maturity by 10-15 bushels per acre in tests in Minnesota, Iowa and Illinois. In those tests, it averaged 139-153 bushels per acre. The single-cross hybrid has a maturity range from 95-100 days and averages 8'6" in height with ears setting above four feet.

Agrow's RX777 is tolerant to entomotoxic and leaf diseases and is resistant to southern leaf blight. In state yield tests in Nebraska, Kansas, Iowa, Illinois, Indiana and Ohio, it averaged 170 bushels per acre. Average yield of all hybrids in the tests was 160 bushels per acre. The RX777 is adapted for a wide range of the Cornbelt.

Another new hybrid, RX 855, has demonstrated exceptional yields for its maturity, a 90- to 95-day corn. This single-cross hybrid has a strong root system and carries ears moderately high. It has demonstrated vigorous early season growth, making it particularly adaptable for northern growing areas.

In addition to offering a broad selection of corn hybrids, Agrow Seed Company, a subsidiary of The Upjohn Company, produces and markets hybrid sorghum and branched soybean seed.

Texas Brangus Breeders Association News

By LAUREN MAYHEW

Brangus activities have taken off with a big bang since our last column. The fall show season opened with the Bluebonnet Brangus Classic at the Washington County Fair at Brenham, Texas, Sept. 19. Willow Springs Ranch, Dorton, Texas took Grand Champion Bull with WSR Image 71 "Too Tall". Res. Grand Champion was BCR Timber Too owned by Gary Clem, Singer Ranch, Beaver Creek Ranch and Ottumano Brangus, Res. Grand Champion Bull went to Cuatro Mr. 450 owned by Cuatro B Ranch, Lexington, Texas and Fells Ranch, Lott, Texas. Premiums of \$1,050 were offered at the East Texas Junior Show in Tyler, on September 28. Grand Champion Heifer went to Shanna Sharpa of Marshall, Texas and Res. Grand Champion heifer to Susan Wilson of Chirino, Texas.

The Heart of Texas Junior Brangus show, Waco, Texas was held on Oct. 2. Judge Bill Massey selected Ms. Beaver Creek 1177, a junior yearling heifer shown by Lynette Foussett of DeSoto, Texas as his Grand Champion. For his Res. Grand Champion he picked DIA S Ma Chief 28/9, a summer yearling shown by Rhonda Scroggins of Thordala, Texas.

Judge Max Watts of Frost, Texas had a fine offering of Brangus to choose from at the Open Show at the State Fair in Dallas, October 4. Grand Champion Heifer was DMA 889-925 owned by Diamond M Acres, Simonton, Texas. Res. Grand Champion was Cuatro Roxana 1109 owned by Wayne Brumley and Rick Parker. Grand Champion Bull was Brinka Hopi 599K (Signal) owned by Billy Hurry Brangus, Diamond M Acres and Brinka. Res. Grand Champion bull was BCR Timber Too, owned by Clem, Singers, Beaver Creek and Ottumano Brangus.

Windy Acres Brangus, Breaham, Texas held their first Production Sale at the ranch following the Bluebonnet Classic, September 19. 27 lots grossed \$208,850 to average \$7,550. Volume buyer was Joe Frank Sanderson, Pinedale Ranch, Laurel, Miss.

Willow Springs Ranch welcomed approximately 600 guests and buyers to their 80th Anniversary "Heart of the Herd" Production Sale, September 20 at the Ranch near Burtos, Texas. 57 lots grossed \$600,000 to average \$10,528. Volume buyer was Barry Colles, Fells Ranch, at Lott, Texas.

L & L Ranch, Thordale, Texas hosted their 1st Production Sale on September 21. 65 lots grossed \$118,200 to average \$1,790.

TEXAS BRANGUS BREEDS PROFIT

Our Girl Friday...

By ANN SYLER

To those of you who missed the Brangus festivities in Little Rock, my I say "what a shame" as I don't know where or where we have been so happily and pleasantly entertained! For example, the banquet. Just the word "banquet" usually causes most folks to hastily walk the other way, justifiably so. But this one had an hour long performance by 4 belly dancers and from a strictly female point of view I say that their costumes were the most beautiful I've ever seen! and one dancer did a routine with a sword balanced on her head. Then there was the speaker who was to give a statistical report on the cattle business, but after 45 minutes of continuous jokes he decided his time limit had expired and we'd have to look up the statistics for ourselves. Among the tales he told was "Do you know how dry it got on my farm in Grant County this summer? It was so dry that the fish had ticks on them!" That will give you an idea of why most people were crying from laughing.

Also during the banquet, the Sire of the Year Award was presented to the owners of "860."

During the Show of Merit Sale — the first-ever Brangus Sale held in a ballroom — John Heister was able to adroitly remove the hats of Gerald Sowles and Matt Syler, and replace them with the very large, red University of Arkansas Razorback Hog hats and we had a few welcoming words by Jerry Clowers, of comedy and music fame. The sale averaged about triple more than any past Show of Merit Sale — please see the complete report in this issue.

Back to the belly dancers — the morning after the banquet the teachers attended a breakfast for the Brangus ladies and gave them a lesson in the fine art. Inno Jackson assures everyone that it is all just a matter of complete concentration.

Other more serious events also took place — and I am pleased to announce that Lisa West of McAlester, Okla. was selected as the Brangus Queen for the coming year and that Gigi Herbert of California and Kevin George of Oklahoma were the winners of the Women's Auxiliary scholarships in the amounts of \$2500.00 and \$1500.00.

I don't believe there is any association more blessed than the Brangus with breeders who support the juniors. I just mentioned the scholarship fund in the paragraph above. You know of any breed scholarships larger than this? The Arkansas Junior Association, just formed this past summer, is \$3200.00 richer due to the generosity of Ludwig and Judy Brand, Clayton and Modesta Williams, Howard and Verna Plank and Charles McVey who purchased a painting at the sale in Little Rock, donated it back to be sold again, etc., the proceeds going to the Arkansas Juniors.

Now we leave Arkansas for 3 1/2 days in Dallas, beginning with the 3rd Annual Classic Sale sponsored by the Pines and Plains Brangus Breeders. This was a record-setting sale for these great folks, with an average at right at \$800.00. An open heifer sold by Rader J Ranch to Heart of Texas Ranch for \$25,000 was the sale topper. She is

October 16, 1980 WEEKLY LIVESTOCK REPORTER Page 89

L&L, Diamond S Brangus Bull Sale

Georgetown, Texas — Jack & Jenn Leach, owners, and Bobby Seroggins, manager, of L&L Ranch at Thornhill, will host the L&L Ranch and Diamond S Ranch Brangus bull sale on Saturday, Nov. 8, 1980, beginning at 12 noon, in the Georgetown Commission Co. here.

The Metroplex Brangus Breeders, in their first sale, a bang-up day with a tremendous sale, drier and drier following, and it's always nice to report several brand new Brangus breeders got started in the business at this sale, as was the case at the Pan-American and the sale at Waxahatchie on the following day. Cattle in all of those sales went to Texas, Nebraska, Alabama, Louisiana, Arkansas, Oklahoma, Missouri, and Georgia.

This issue will be the last Brangus issue before election day — perhaps one of the most important elections in many, many a year. The comment is often made "just my one vote won't make any difference," and it probably won't. But the reason for casting this vote is because it's YOURS! — one of the few things in the world that is yours exclusively and can be owned by no one else anywhere, anytime.

I trust all of you have noticed that the date of the Cawley Ranch Sale has been changed from Monday, Nov. 8, to Monday Nov. 10 at San Angelo. This way, buyers at this sale, which always include ranchers from New Mexico, Oklahoma and wide areas of Texas, will be home on election day. Nov. 4, and not on the road traveling. So Jay and Jim Cawley are doing their part — we've even mention here about how we hope you cast your ballot, but a small due might be that I have not actively worked in a campaign since 1964 — my side (conservative) lost that one but "in your heart you know he was right!" Hope my side doesn't lose this time.

Cowley Ranch Stockman's Brangus Sale Set Nov. 10

San Angelo, Texas — The Cowley Ranch Stockman's Brangus Sale will be held Monday, November 10, 1980. The sale will be held at Producers Stockyards in San Angelo, Texas.

Selling will be 80 Brangus bulls and 50 Brangus females.

For information contact Syler Sales Management, Matt Syler, 713/289-4400.

Hominy Brangus Bull Sale Nov. 15, Hominy, Oklahoma

Hominy, Okla. — The Hominy Brangus bull sale will be held in the Oklahoma Auction Yard in Hominy, Oklahoma, beginning at 1 p.m., Saturday, Nov. 15.

The 100 Brangus bulls selling will have been Bred, T. B. and fertility tested. They are big, growthy and rugged range bulls that are ready to go to work in any pasture.

Circle Seven Brangus Range Bull Sale Set Oct. 18 at Jackshoro

Jacksboro, Texas — The Circle Seven Land and Cattle Company will conduct a Brangus range bull sale on Saturday, Oct. 18, beginning at 12 noon, at the ranch five miles west of Jackshoro, Texas, on U.S. Highway 261.

Selling will be 135 bulls, the top end selected from a crop of 420 head. Dolson "Possum" Elongburg of Circle Seven Ranch said, "this is one of the

finest selections of breeding age bulls you'll have a chance to see in a single offering. These bulls are ranch raised and ready to go to work."

"There are also a few herd sire prospects in the offering," he added. All the bulls are Bangs, T-B and fertility tested.

"You'll like a Circle Seven bull — We guarantee it," Elongburg said. Auctioneers will be Reyes & Reyes of San Antonio.

Information is available from the Sale Managers, P&F Cattle Co., Box 807, Bolivar, Texas 77418, phone 713/865-3818, or in Houston 713/483-

NEWS about LIMOUSIN

Arkansas Limousin Diamond Jubilee Sale Oct. 19, Russellville

Russellville, Ark. — Dr. Warren Center, secretary-treasurer of the Arkansas Limousin Organization, has announced that the ARKLO's Arkansas Diamond Jubilee All-Select Limousin Sale will be held Oct. 19, beginning at 2:30 p.m. at the Pope County Fairgrounds in Russellville. Auctioneer and sale consultant will be C. K. "Sonny" Booth of Miami, Okla.

Selling will be 75 lots of solid color full-French purebred and percentage Limousin, individually selected by Gary Harding, director of the National Limousin Bull Test at Corners State College.

Harding said, "Because I could choose from the top of every herd, I have selected a group of cattle that would improve any herd I've seen."

"This is really a top notch set of cattle — especially the seven-eighth pairs. They are truly exceptional."

This group of cattle were selected for uniformity, with emphasis on size, correct muscling and skeletal formation.

"This set of cattle could improve anyone's herd," Harding said. The sale selection will include: Hampton Loverboy, winner of the get-of-father at the 1979 Arkansas State Fair; Slick Rock's Hulk, embryo transplant son of Hanchen that weighs 1,600 pounds at 16 months; seven bred seven-eighth females; five 15/16th pairs; 18 seven-eighth pairs; 17 bred three-quarter females; six three-quarter pairs; three bred half-bloods; two open seven-eighth females; one full-French open heifer; and 16 Spring 1980 cull calves.

Limousin Breeder Gets Commercial Cowman Award

Denver — A Morris, Minn. Limousin breeder recently received the Minnesota Commercial Cattleman of the Year award.

The award, conferred on Leonard Wulf, is sponsored by the Minnesota Beef Cattle Improvement Association (MBCIA). A committee, appointed by MBCIA and staffed by university and extension personnel, considered several factors when choosing the winner.

The committee chose Wulf for his work in upgrading a commercial Limousin cow herd using performance testing and selection. Wulf has used the newest and most desirable management practices and many times has successfully used techniques not yet proven. His inventiveness is apparent in all phases of his operation — cow/calf, heifer and row crop.

He began breeding Limousin in 1970, the first year he started performance testing. Through performance testing and selection, he increased weaning weights from 360 to 520 pounds.

The final factor considered was his leadership abilities. He has been on the board of directors of the Minnesota Beef Council and the West Central Cattleman's Association. Currently, he is on the board of directors of the North American Limousin Foundation and the Minnesota Limousin Association. He has served Minnesota Limousin breeders as president the past eight years.

Wulf and his wife, Violet, actively support 4-H and FFA and are deeply involved in the Apostolic Christian Church, where Wulf has served as trustee and chaired many committees. In past years, he has served on the school board, elevator board and phone company board.

Consignors include: Heather Lieblich, Rancho Vore; Rocky Springs; Slick Rock Ranch; Hawes Limousin Acres; Tall Tree Limousin; Tom-A-Dei Farms; Fourche Valley Farms; J. Keith Baker; Oval Neville; Dr. Jonathan P. Shewner; Nolan's Limousin Acres; Massey Farm; Jerry Douglas; Jim Stink; James Bench and Rosa Fudin.

For further information contact the Arkansas Limousin Association, Dr. Warren Center, Secretary-Treasurer, San Jose Munoz, Springdale, Arkansas 72764.

Oklahoma Hills Sets Limousin Bull Sale Oct. 28 At Madill

Madill, Okla. — The Oklahoma Hills Ranch's annual Limousin bull sale will be held Tuesday, Oct. 28, beginning at 12 noon at the ranch at Madill.

Owners Hal Courtney & Son Quinn will host the sale of 100 head of ranch-raised Limousin bulls including top herd bull prospects, 75%, 87% and American purebreds, all 18 to 24 months old. These stout bulls are sired by Eclair, Hanchow, Fanfaron, and the Oklahoma Hills own herd sire, Royal Okie. A portion of the bulls are black and all bulls are rugged and ready to go to work in any cow herd.

A feature will be the sale of the senior herd sire, Royal Okie, a top son of Fixe that has sired a tremendous group of brood cows which will remain the nucleus of the Oklahoma Hills cow herd. His get will also be offered in this sale, making this an opportunity to purchase a proven herd sire whose progeny can be seen in the sale.

Texas Limousin Female Sale Averages \$995

Waxahatchie — In Texas Limousin Association's first consignments sale held here Sept. 27 the 100 lots of females grossed \$99,895 for an average of \$998. Lewis Bingham of Justin was sale chairman.

Volume buyer was Earl Dwynas, making this an opportunity to purchase a proven herd sire whose progeny can be seen in the sale.

Auctioneers will be C. K. "Sonny" Booth of Miami, Okla. and Bruce Brooks of Springer, both in Oklahoma.

Lunch will be served at the ranch beginning at 11 a.m. For further information contact Oklahoma Hills Ranch, Hal Courtney and Son Quinn, Route 2, Madill, Oklahoma, 73446, phone 405/795-2086 or the office, 405/795-3337; or the sale management, American Cattle Services, Inc., Route 1, Chattanooga, Oklahoma 73528, phone 405/885-3008.

Davis of Lexington. Other volume buyers included Neal Murphy of Livingston and C. S. Carroll of Bonham. Brushy Creek Ranch of Waxahatchie consigned the high selling lots, heifers purchased by Davis for \$1,600 and \$1,500 each. Ray Hobarstsch of Vernon consigned three 15/16th heifers purchased by Davis for an average of \$1,225 each.

Bob Brown of Quanah consigned the high selling cow-calf pair, which sold for \$1,600.

Harvey Pape of New Braunfels consigned the top selling brood thrausquar, one for which Tommy Rawman of Stanton paid \$1,300.

Texas Longhorn News

By Bill Lourcey, Jr.
Texas Longhorns are strong and getting stronger every day. We've seen some tremendous sales recently in which new price records were set with each succeeding sale. We expect to see more of this in other sales coming up in the next few days.

The Wichita Mountain Wildlife Refuge sale at Cache, Okla., didn't break records, but was an exceedingly good sale at that. The cows averaged \$2,587; bulls \$2,600; steers \$1,450; heifer calves \$3,487; and had an overall average of \$2,070.

But the Boker-Oberly sale Sept. 19 at Lawton, Okla., did set a new Longhorn price record, reflecting both the quality of the cattle from some of the largest private herds in Oklahoma and Kansas: the Boker's Safari Ranch and Pat Baker at Elk City, Okla., and the Doherty Longhorn Ranch at Ft. Scott, Kan. They sold some of their best breeding stock for a sale average of \$3,684, the highest ever in a Texas Longhorn sale. This reflected the interest in their quality herds and championship breeding programs, as well as the growing awareness of Longhorns' contribution to beef production.

Champion bull in that sale was purchased by H. C. Gurtler of Austin, Texas, for \$4,700; reserve champion bull by Richard Lovorn of Troup, Texas, for \$2,700; champion pair by Red McCombs and John Roberts of San Antonio, Texas, for \$12,200; reserve champion pair by Kessel OBT Farms, Saline, Michigan, for \$25,000; champion cow by Sprig Lincee Ranch of Aquila, Texas, for \$10,000; and reserve champion heifer by Wright Materials Shortt of Robstown, Texas, for \$1,200. The high selling heifer was purchased by Carson River Ranch, Silver Springs, Nev., for \$16,000. Volume buyers were Red McCombs and John Roberts of San Antonio, and Gene Bartnicki of Spring

Lakes Ranch at Aquila, Texas. We congratulate the Bokers and Oberlys for having such an outstanding offering and the buyers for showing such appreciation of their programs.

But we doubt the record average price will last long, especially with a number of other outstanding sales coming up: notably Larry Smith's in Fort Worth Stockyards on Oct. 11; the famous YO Ranch production sale at Mountain Home on Oct. 31; and Red McCombs bull futurity sale on Nov. 1 at Johnson City.

We're looking forward to seeing you at these events.

Oklahoma's Texas Longhorn Association Begins Activities

Lawton, Okla. — Joe Mueggengberg, president of the Oklahoma Texas Longhorn Association, welcomed members and guests to the association's first activity on Sept. 16, a dinner and dance. Persons were present from around the United States and the event proved highly successful in obtaining new members for the association.

Members from various Longhorn associations around the country included: Jerry and Pat Cook, Fort Worth; Gene and Julie Bartnicki, Aquila, Texas; Jean Wickland and Bob Shultz from Castle Rock, Colo.; Danny and Linda Davidson of Estelline, Texas; and Peter and Oidi Lang of Boverly Hills, Calif.

Texas Longhorns Featured in Texas A & M Research

Dr. Jerry Caldwell, a project research director at the Immunogenetics Labor Animal Science Department at Texas A & M University in College Station, has found evidence of genetic material indicating a gene pool in the Texas Longhorn cattle that differs from other breeds in North America.

The researcher has indicated that some of the Texas Longhorn cattle tested could be pure-bred descendants of the original cattle brought by early Spanish settlers.

"Even though our research involves all breeds of cattle, I have a special interest in the Texas Longhorn," says Dr. Caldwell.

First brought to "New Spain," i.e. Mexico and Texas, by Gregorio de Villalobos in 1521, the longhorned cattle roamed the vastlands of Texas and survived the ravages of weather, Indian raids and trail drives.

"Since the Texas Longhorn has been raised under natural conditions and subjected to natural resources, I am not amazed at their ability to propagate and survive under the most adverse conditions imaginable."

Milk To Be Supported At 80% Of Parity

Washington - Manufacturing milk
will be supported at 80 percent of the
Oct. 1 parity price, according to Ray
Fitzgerald, executive vice president of
the U. S. Department of Agriculture's
Commodity Credit Corporation. The
exact support price will be determined
after USDA's Sept. 30 "agricultural
prices" report is released. However,
Fitzgerald said, USDA economists ex-
pect the support price will be about
\$12.78 per hundredweight for milk with
a milkfat content of 8.5 percent, com-
pared with the pre-aust support of
\$12.07.

Distinguished Tech Alumni Honored

Lubbock - Three men who com-
mend widespread respect for their
achievements and leadership received
the first Distinguished Agricultural
Alumni Awards of the Texas Tech
University College of Agricultural
Sciences Thursday, Oct. 18. Recipients
of the "Distinguished Agricultural
Alumni" awards are Stephen J. J.
Kleberg of Kingsville, vice president
and secretary-treasurer of King Ranch,
Inc.; Ray Joe Riley of Sweeney,
farmer and plant-breeder; and Charles
L. Weddle of Grand Junction, Colo.,
horticulturist and plant-breeding con-
sultant.

Berglund Replies to Critics of Consumer- Oriented USDA Moves

(CONT. FROM PAGE 1A)

1982 budget cycle.

Would you please comment on the
following consumer oriented programs
initiated or expanded by this Ad-
ministration:

- Child Nutrition Programs. Our
regulations require that every meal
served in the School Lunch Program
contain a grain product such as bread.
Thus, a major part of the \$5 billion to be
spent on child nutrition in the coming
year will purchase the production of
your members.

- Dietary Guidelines. One of the
legislative mandates to USDA is to
engage in human nutrition research and
education. The fourth guideline in
"Nutrition and Your Health" suggests
that Americans should eat foods with
adequate starch and fiber—such as
whole grain breads and cereals.

- Food stamps. USDA will spend
about \$10 billion this year to help low-
income Americans purchase foods in the
marketplace. A significant amount goes
for bread.

- Grain Inspection. Up until 1977,
under the doctrine of buyer beware,
short weighing and adulteration of grain
was commonplace among some ex-
porters. We have instituted a tough new
Federal program of grain inspection
assuring foreign grain consumers that
they will get what they pay for.

- Wheat Promotion. The Agricultural
Marketing Service is making final ar-
rangements to implement the Wheat
and Wheat Foods Research and Infor-
mation Act which NAWG supported in
the 1977 farm bill. This Board will
supervise a program on consumer infor-
mation.

- Market Development. One of
USDA's major consumer efforts is our
overseas market development which
helps meet dietary needs of consumers
overseas. As part of this program we
are cooperating with U.S. Wheat
Association, Inc. in the construction of
a demonstration bakery in China.

- Food for Peace. P.L. 480 allocations
of wheat and wheat flour in the Fiscal
Year 1980 totaled \$536.7 million, help-
ing the poorest consumers in the world.

Each of these "consumer-oriented"
programs is significant for the wheat
producers of the United States. The loss
of any of them would not serve the in-
terests of America's wheat producers.

Although this Administration is com-
mitted to serving the broadest interests
of America's farm and ranch families, it
would be possible to refocus USDA's
mission so, as you suggest, it would
serve only the narrowest interests in
agriculture.

Let us examine what this Department
would look like under such a hypothesis.

- Forestry programs would be
transferred to the Interior Department
as many have suggested in the past.

- School lunch and child nutrition pro-
grams would go to the Department of
Education.

- Food Stamp activities would likely
be part of the Department of Health
and Human Services.

- Market Development efforts would
be moved to the trade section of the
Department of Commerce.

- Food safety concerns would be ex-
clusively those of the Food and Drug
Administration in the Department of
Health and Human Services.

- Ceppor-Volstead enforcement
would be the exclusive jurisdiction of the
Federal Trade Commission and the An-
titrust Division of the Department of
Justice.

- International commodity negotia-
tions would be the responsibility of the
Department of State and the U.S. Trade
Representative office.

Emergency Feed Aid Payments Total \$21.2 Million Through August

Washington - Payments to U. S.
livestock producers under the U. S.
Department of Agriculture's emergen-
cy feed aid program totaled \$21.2
million during the first 11 months of
fiscal year 1980. Ray Fitzgerald, ad-
ministrator of the USDA's Agricultural
Stabilization and Conservation Service,
said the department has approved
26,608, or 87 percent, of the \$8,329 ap-
plications requesting program aid from
Oct. 1 through Aug. 31.
